Linking Arms to Serve The Community

This holiday season, The Ladies of Hope Ministries partnered with Pure Legacie to host a clothing drive for New Yorkers in need. Thanks to donations from community members and our partners, we were able to gather over 30 boxes of new and gently used clothing and kitchenware. At a time when unemployment is at an all time high and communities are struggling, solidarity efforts are vital. Thank you to everyone who linked arms with us to alleviate hardship. We're stronger together!
